

Wall Enclosure 6 Port LC Duplex / SC Simplex/ ST Simplex

The new wall mount system interface products are compact units for optical fiber.

Made of white rugged plastic and have a low profile, yet provide the proper internal fiber management to ensure the integrity of the optical network. Sufficient storage room for the fiber service loop makes installation easy. There is also provision for a user supplied seal for added security.

The Unit is compatible for splicing and direct terminations. The splice holders have been designed to accept up to 8 fusion splice protectors or mechanical splices. The identification card and label supplied in the accessory kit, enables the user to trace their fiber through the system.
