

Fibre Stripping Tools

Sumitomo Fibre Jacket Stripper 250um,900um,3mm

Removes 3mm jacket, 900µm and 250µm buffer coating. Precision blades produce consistent clean strips.

Part Number: SEI-JR-M03

Ideal Buffer Tube Stripper (Grey) Strips < 3mm

Buffer Tube Strippers with adjustable blades can be set for any depth to help assure nick-free jacket entry.

Part Number: FIS-4422-GR

Miller Round Cable Slitter (RCS-114) 4.5-29mm

The Miller Cable Slitters are manually operated cutting devices designed for fast, safe and precise jacket removal of PE, PVC and rubber jacket.

Part Number: FIS-4416

Ideal Buffer Tube Stripper (Blue)

Buffer Tube Strippers with adjustable blades can be set for any depth to help assure nick-free jacket entry.

Part Number: FIS-4422-BL

Ripley ACS Armored Cable Slitter (8-28.6mm)

Slit outer polyethylene jacket and armour in one operation. Performs longitudinal slitting and circumferential (ringing) for end stripping. Adjusts from 8-28.6mm OD

Part Number: 4418

Miller Mid-Span Access Tool MSAT-5 (1.9-3mm)

The Miller Mid-Span Access Tool (MSAT-5) is used to quickly and easily access fibres in 1.9mm to 3mm buffer tubes in a mid-span location without damage to fibre.

Part Number: FIS-4419

Microduct Cutter, small, 3-12mm

For microducts from 3-10 mm. Small and compact microduct cutter. Creates perfect cuts on microducts. Safety lock to avoid injuries

Part Number: EX-LDK20803

Duct Cutter 42mm (Red)

Part Number: EX-BIZ-7942MM

Fibre Tube Splitter OFAT (2.4-3.0mm)

Optical Fiber Access Tool (OFAT), for midspan on minibundle cable, 2.4 to 3.0 mm tubes. This rugged hand tool will accommodate buffer tubes from 2.4 to 3.0 mm.

The OFAT clamps over a buffer tube.

Part Number: CO-4414-OFAT

Fibre Tube Splitter

Fibre Tube Splitter Blue (2.3-2.8mm) **Part Number: CO-4414-BL**

Fibre Tube Splitter Red (2.7-3.0mm) **Part Number: CO-4414-R**

Miller KS-1 Kevlar Scissors

The Miller KS1, features serrated blades and high leverage cutting, utilising long cushioned handles for comfort

Part Number: FIS-4408
